10/31/2008, 20.80, 23.50, 12.00, 16.23

This is a MONTHLY chart of Citi dating back to 1986. It will be of value to you to study this chart alongside the charts included in the 'featured' article "Why Elliot Wave is useful". Citi has declined to the 4th wave in exactly the same fashion that SNP500, or AUD have declined, (and I expect Oil and Gold to follow suit) Now go to the next chart for today. Ramki
